About Us

Woodchester Valley was established in 2007 when a single acre of vines was planted on our Amberley site to assess the suitability of the land for growing vines. Our first vintage, a crisp dry Bacchus, was produced from our 2010 harvest, and we haven't looked back since.

Now with 58 acres under vine, we produce a variety of still and sparkling wines, for which we have won multiple awards. We're excited to be part of putting the West of England back on the winemaking map.

At our site in Woodchester (between Stroud & Nailsworth in Gloucestershire), we run Tours, Tastings and Events at our vineyard Tasting Room all-year-round, as well as luxury stays in our vineyard accommodation.
